# e-Mobility interconnection solutions

Connector Contact Manufacturer since 1978

Type 1 – CCS 1 & 2 – GBT  
Pins & Terminal contacts

# About AMD Decolletage

Explore the World of Precision

There are good reasons to work with us!

Founded in 1978, AMD Décolletage is a leading contact connector manufacturer and one of the key players in the turned part industry in the Vallée de l'Arve between Geneva (Switzerland) and Chamonix (France).

**Made in the Alps** : this region called "Technic Vallée" is considered as the heartland of the precision screw-machining world. Originally, AMD Decolletage started the **manufacturing of precision screw machined parts** for the connectors industry.

Since 2010, AMD Décolletage has continued to grow, in successive leaps and bounds, by developing its expertise in precision turning for the automotive industry, and specialized in **electric vehicles (EV)** and **electrification** with successful high power **charging interconnection solutions** (plug in/out).

AMD Décolletage has become a reliable **partner** of renowned **OEM & Tier 1 companies** operating both in the connector and in the **E-Mobility** & automotive markets. We are specialized in power contact and high power contact manufacturing integrated in the **charging plug for battery charge network**.

Today AMD further develops its competences in these sectors and keeps moving in order to leverage the Know How in **high value applications** and innovative markets.

You need,  
high precision mechanical parts  
Mobility - Energy - Connectic - Industry - Aerospace  
Home Automation - e-Bike

AMD is serving the E-V market since 2010

Power contact manufacturer & high precision mechanical part expert.
