One Industrial Ecosystem

 **AMD
DECOLLETAGE**

Explore the World of Precision

1 Industrial Ecosystem for connector manufacturing

Groupe Savoy is an industrial group offering mechatronics, plastic injection and mechanics innovative solutions worldwide, and servicing some of the most challenging markets as Automotive.

Fine Machining
Plating Expertise AGAMOND®

Automatic Assembly

Cold Heading Partner

Plastic Injection

Metal Stamping

New

AGAMOND®

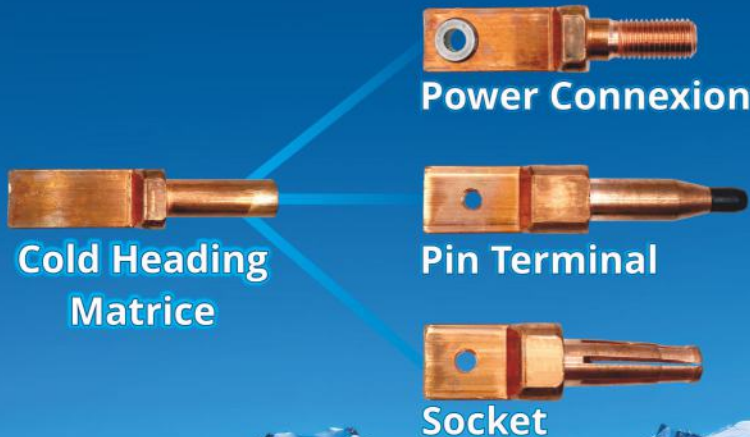

- New Hard Silver plating*
- Warranty 80 000 Cycles*
- Cost Saving up to -15%
- ROHS & REACH Compliant

*Partnership development qualified by AMD Laboratory

New

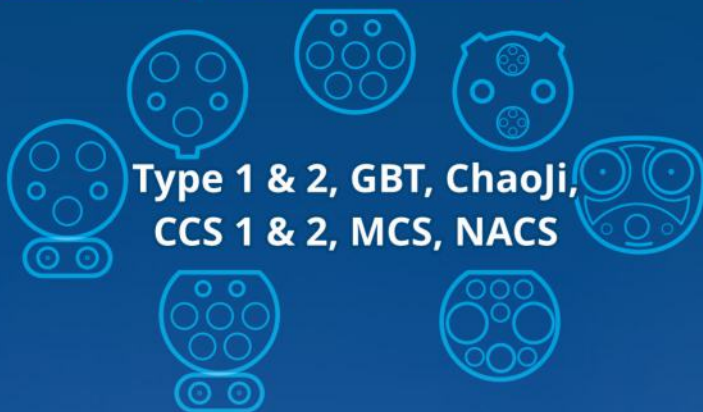

Cold Heading & Machining

- Raw material saving -50% mini
- Smooth surface
- High precision machining
- Cost Saving up to -30%

e-Mobility & Interconnexion

Type 1 & 2, GBT, ChaoJi,
CCS 1 & 2, MCS, NACS

From Design to Manufacturing

5 Steps project management service work flow :

- Design review & expert support
- Prototype service
- Qualification & PPAP
- Pre-series & Ramp Up production
- Series Manufacturing
